

Respire-8E

Instantly performing formulation for **Respiratory diseases**
Prevention and **Control**

Concentrated high quality essential oils

Regulates Body Temperature

Improves Oxygen Absorption

Supports Vocalization

Detoxifies Harmful Chemicals

Aids Carbon Dioxide Removal

Balances Body pH

Benefits of using Respire 8E :

Antimicrobial Action:

Controls Mycoplasma, E. coli; reduces viral load (IB, ILT); helps in CRD/CCRD recovery.

Mucolytic Effect:

Loosens mucus, clears airways, improves breathing, reduces cough & nasal blockage.

Anti-inflammatory:

Reduces swelling, irritation, and respiratory stress; speeds tissue recovery.

Immune Boost:

Enhances vaccine response, strengthens immunity, lowers mortality.

Antioxidant Protection:

Reduces oxidative damage in lungs & liver; improves resilience.

Anti-Mycoplasma:

Strong action against MG & MS; reduces CRD severity.

Performance:

Supports feed intake, maintains egg production, improves growth & FCR.

Antibiotic Alternative:

Reduces antibiotic use; no withdrawal period.

Environmental Benefits:

Lowers airborne microbes & ammonia; improves air quality.
