

SP – Tox Aqua

Ideal Toxin Management

SPTOX AQUA has an enormous surface area so it adsorb wide range of toxins in the intestine. It is a multi-component toxin binder specially developed as a complete solution to the Mycotoxins problem. Selected ingredients binds wide range of various toxins presence in the Feed.

Benefits:

- Broad-spectrum adsorption of multiple mycotoxins.
- Protects and supports liver and kidney function.
- Reduces immunosuppression caused by toxins.
- Enhances overall health and disease resistance.
- Improves immunity and stimulates better feed intake.
- Formulated with high-quality ingredients for maximum toxin binding.
- Helps control chemical toxicity from pesticides and heavy metals.
- Maximizes feed conversion and boosts overall performance.

Key features:

- Formulated with high-quality ingredients to act as a broad-spectrum mycotoxin absorbent in challenging aquaculture conditions.
- Large surface area ensures strong binding of a wide range of harmful toxins.
- Unique ingredients help reduce chemical toxicity caused by pesticides & heavy metals.
- Selected silicates effectively adsorb both polar and non-polar mycotoxins.
- Enhances feed conversion and overall growth performance in fish and shrimp.
- Does not bind essential vitamins, minerals, or nutrients—ensures better health & reduced mortality.
- Helps prevent secondary bacterial infections associated with toxin stress.
- Protects liver function & supports the mobilization of accumulated fat in the liver.

Impact of toxins :

- Reduction of feed intake.
- High impact in FCR and productivity.
- Reduces nutritional adsorption.
- Affects Fish and Shrimp immunity and overall health and performance.

Composition:

Specially preserved silicates, Mannan oligosaccharide (MOS), Activated Charcoal, Organic Acids, Phytogetic derivatives and the blend of adsorbing components.

Dosage:

Fish and Shrimp :

0.500 Gms per ton of feed at moisture level < 15%

1 Kg to 1.5 Kgs per ton of feed at moisture level > 15%

Manufactured & Marketed by :

1/258/3 , Begapalli – Bidaraguppe Road , Bagepalli Village, Hosur Taluk, Krishnagiri District. 643761
